

UNDER THE WHEELS

WILLIAM STAHL HAS A LEG COMPLETELY SEVERED.

He Hopped on a Moving Santa Fe Train and Missing His Footing He Fell Under the Wheels—Lower Limb Horribly Torn—Amputation Necessary to Save His Life.

Three persons have had legs torn off by railroads during the week just closed.

Last evening another victim was added to the list in the person of William Stahl, a young man from Stanton, Ill.

For the past three or four days he has been in town and kept himself principally about the city streets. He was arrested by the police under the vagrancy ordinance and locked up in jail. Yesterday morning he told a pretty straight story to the police and before the judge arrived he was released on promise that he would leave town the first opportunity that presented itself.

When the Santa Fe train was pulling out of the yards last night he was seen near the freight depot with a bottle in his hand and after the train had passed he was seen on the track in a pool of blood.

Redford men ran toward him thinking that he was dead, but he was soon seen to be alive, but his bleeding limb was lying near by completely severed a few inches below the knee. It was a ghastly sight to see him and one that called for more than a passing glance.

His ambulance was called and he was conveyed to the city hospital and Dr. Hoffman, the city physician, and Dr. Purden, a member of the staff called. After a short consultation Dr. Hoffman took the knife and the limb was cut off above the knee. It was the first high amputation the doctor ever had to make, a very successful operation.

Stahl is about 33 years of age. He said he had brothers living at Stanton, Ill., but he could not find them. He said he was not married. He evidently did not want them to ascertain that he had been injured in this way.

From what can be gathered of the facts, he was evidently trying to board the blind baggage of the train to ride, missed his footing and fell under the wheels.

THE CHURCHES.
Church of Christ (Scientist)—Services as usual at 11 o'clock in the hall southwest corner of Market and First streets. Sunday school at 10 a. m. Bible study Thursday at 2:30 p. m. All are invited.

MUSIC AND DRAMA.

CHAMBERLAIN NEXT WEEK.
No comedy over before the American here, and no one could portray this role to the more complete satisfaction of a fan loving nature than Miss Phelps and Mr. Mabel, who will be at the Crawford all next week. Miss Phelps singing and dancing a pleasing surprise. Mr. Mabel, an American, an American here, has been called to the Crawford all next week. Miss Phelps singing and dancing a pleasing surprise. Mr. Mabel, an American, an American here, has been called to the Crawford all next week.

Any lady will be admitted free Monday night if accompanied by one paid 30 cent ticket.

CARD OF THANKS.

Through your paper we wish to tender our most heartfelt thanks to all friends, and also the lodge of which she was a member, who so kindly assisted us during the brief illness and death of our mother.

MRS. C. E. REXBROW.
A. W. McDONALD.
L. M. McDONALD.

THANKS FOR DONATIONS.

The board of directors of the Wichita Children's home desire to acknowledge their gratitude to a generous public for the kind and substantial donations received on Thanksgiving.

An itemized list of donations and donors was prepared but owing to its length room could not be found for publication. We feel that the donation from the First M. E. church Sunday school, Harry Street Sunday school, the Business colleges and the public schools merit and should receive special notice. A large number of friends who assisted in conveying donations.

EXPECTANT MOTHERS.

That wonderful remedy "BOTTING'S" is within the reach of all who have the desire to have healthy, robust babies. It is a safe, reliable and effective.

IT BEHAVES WELL

WHEAT IS AIDED BY HIGHER FOREIGN QUOTATIONS.

Buying Orders in Plenty at the Opening Caused an Advance—Goes Weak in the Middle but Closes at Best—Corn Strong—Provisions Lower—Oats Unchanged.

Chicago, Dec. 15.—Wheat had a soft spot early in the session, but it was firm all over at the close, aided by firm cables.

Compared with the previous day's closing prices, wheat is 35 cents higher, corn is up 12 1/2 cents in pork; 5 cents in lard and 10 cents in ribs. Oats closed unchanged.

Buying orders were in the majority in the wheat pit at the opening and could only be filled by paying a slight advance over yesterday's closing price. The comparative firmness of the English and foreign markets and the fact that the exports from this side went almost entirely from American Atlantic ports were the chief reasons for the slight change in speculative sentiment. The firmness displayed for a few minutes at the opening soon gave place to weakness when it was telegraphed from Minneapolis that the stocks in regular elevators will show an increase for the week of 750,000 bushels and that Duluth stocks had increased 1,100,000 bushels. Another considerable addition to the visible supply was immediately suggested by the above announcement and on the supposition that all hope of improvement was lost and the price of wheat fell. It was not until the opening hour from 8:30 to 9 a. m. that the market changed again and went up until it was up to 35 1/2 cents and around which price it held during the last half hour. Closing cables were firm. The market closed at 35 1/2 cents for the day—58 1/2 cents for May.

Corn was strong after a weak opening. May started with a 35 cent decline and closed with an advance of 1/2 cent. The opening quotation was 49 1/2 cents, and it rose near the close to 50 1/2 cents, with 51 1/2 cents the final trading price. The market was generally well weathered and predicted for the country tonight and all day tomorrow were the chief factors in securing the advance. The market was fairly good after the advance started. Trading was dull in oats and fluctuations were narrow and governed entirely by the market. The market closed at 35 1/2 cents for the day—58 1/2 cents for May.

Corn was strong after a weak opening. May started with a 35 cent decline and closed with an advance of 1/2 cent. The opening quotation was 49 1/2 cents, and it rose near the close to 50 1/2 cents, with 51 1/2 cents the final trading price.
